

Sports Funding 2015-16

What is Sports Funding?

In the previous academic years each Maintained Primary School is being funded £8000 + an amount per pupil towards specialist sports funding. This money is ring-fenced to be spent on sport to ensure pupils have a healthier lifestyle as well as an opportunity to continue the legacy of the 2012 Olympics and encourage primary pupils to take part.

The school encourages all pupils to take part in sporting activities of all types. Clubs are available to children during lunchtimes and after school. Sports include: Football, Multisports, Netball, Skip 2 B Fit, Cross Country and Athletics. Children also swim in KS2 and have the opportunity to take part in Outdoor and Adventurous activities during the Year 5/6 biennial residential trip to Hilltops.

The Headteacher and governors are conscious that this money be used to inspire and improve the learning opportunities for these children. Therefore the Sports Funding will be used to support the following:

Purchase	Description	Pupils Supported	Cost Implication	Impact
Specialist PE coaches to be used to support teaching staff and use as PPA	Inspire Sports are providing specialist sports sessions to all pupils in years 1-6 throughout the academic year.
